For Sale.

OUR DRUG BUSINESS located in San Francisco, Cal. After our best wishes and expressing our thanks for the liberal patronage we have received for more than twenty-one years, during which period we have been steadily engaged in the Drug business in California, we beg to say in consequence of the rapid growth of Dr. Walker's California Vinegar Bitters, now spread over the United States and other countries far beyond, we are necessitated to devote our entire time to the said business.

We are the Oldest Drug firm on the Pacific Coast and the only one, continuous under the same proprietors since 1848, and have determined to sell our large, prosperous, and well established business on favorable terms.

This is a rare opportunity for men with means, of entering into a profitable business with advantages never before offered.

For particulars enquire of

A GREAT MEDICAL DISCOVERY

Dr. WALKER'S CALIFORNIA

VINEGAR BITTERS

Hundreds of Thousands

Bear testimony to their Wonderful Curative Effects.

WHAT ARE THEY?

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal. Send for a circular.

They are a gentle Purgative as well as a powerful Tonic, possessing the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

THEY ARE NOT A VILE

FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to direction and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald-Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effect.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed. For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

Their effects abundantly show how much they excel all other Pills. They are safe and pleasant to take, but powerful to cure. They purge out the foul humors of the blood; they stimulate the sluggish or disordered organ into action, and they impart health and tone to the whole being. They cure not only the every day complaints of everybody, but formidable and dangerous diseases. Most eminent clergymen, most skilful physicians, and our best citizens send certificates of cures performed and of great benefits they have derived from these Pills. They are the safest and best physic for children, because mild as well as effectual. Being sugar coated they are easy to take; and being purely vegetable, they are perfectly harmless.

THE BRITISH COLONIST.

Thursday Morning, Aug 17, 1871.

The Gubernatorial Message.

Governor Trutch has seized upon the very first opportunity to place himself fairly and squarely before the public. The opportunity presented itself on the very threshold of his administration, the occasion being the presentation of a civic address on Tuesday. In this we think he has acted wisely; for there were many special reasons why the new Lieutenant Governor of the new Province on the shores of the Pacific should take the earliest opportunity of explaining his position and the policy he proposed to pursue during the exceptional period still to elapse. And the manner in which this has been done appears to us to be no less happy and appropriate than the act itself was wise and well-timed. The important State paper which we published yesterday is permeated by a frank, outspoken manliness which argues well for the new administration and will go far towards enlisting the sympathies of the people and giving the new Governor a fair start. In short, Mr Trutch has taken the most likely means to break down any lingering prejudice that may still attach to him as a prominent member of a government which, from its constitutional nature, could not but be unpopular with the great body of the people. Turning to the paper itself we find much that is deserving of thoughtful perusal. He tells us plainly that he accepted office with reluctance and misgiving, but more from a sense of duty than from inclination or self interest. Nor can the sincerity of the statement be doubted, for it can be no secret that within the range of Mr Trutch's reasonable expectations, if not within his absolute grasp, lay positions presenting less harrassing responsibility and promising very much more substantial reward. In view of these and other circumstances he was entitled, in accepting the appointment, to hope that each one of the community would be prepared to put aside all past issues and join with him in his endeavours to promote the best interests of the Province—a hope in which all right-thinking men must share; and it is well said that however much of good the terms upon which union has been formed may promise, the larger attainment of beneficial results must be contingent upon the people themselves putting their shoulder to the wheel in one united and patriotic effort to place our country in its true position. Amongst the immediate results of union he very justly regards self-government as the most important; and although in another capacity he did not favor the immediate establishment of that form of government in British Columbia, he honestly expresses a determination to "give the fullest effect within the limits of our Constitution to the will of the people as expressed by their representatives," and be very properly enjoins upon the people the duty of seeking to ensure the full benefits of the new system by realizing the responsibility which the privilege of self-government "entails in the selection of those who are to be in future the real rulers of the internal affairs of this country." If Mr Trutch has hesitated as to the propriety of the immediate establishment of self-government in this Province, these words imply that he has not been slow to grasp the true spirit of the system, and they lead us to confidently expect that he will constantly bring that spirit to the work of administration. There is just one passage in the whole paper respecting the wisdom of which there appears to us to be room for difference of opinion. We allude to that in which he announces the intention of taking mainly upon himself the responsibility of carrying on the government till after the elections. We cannot say that the decision come to on this point has surprised us; nor are we prepared to pronounce against it. The difficulties presented in the way of adopting the other course are undeniable and have been well put; but it occurs to us that the difficulties which beset the course apparently adopted are of a still more serious nature. According to the Act the elections cannot be held before October, and it does not appear to us that the Writs from the more remote Districts could well be made returnable before the first of November. Suppose the House to be called together on the 1st December, a Ministry formed, and the House prorogued, say, six weeks or two months in order that Ministers may seek re-election, it would be the 1st of February before the House could be got together for dispatch of business; and even then, it will be observed that the Ministry must meet the House in a glorious state of unreadiness. Here will be nearly if not quite six months during which the functions of the new constitution would remain dormant, and the whole public machinery either rusting or else run, in a way and by a power wholly unknown to the constitution. Mr Trutch has a perfect right to claim and expect favorable and lenient consideration from the people whilst he takes the personal responsibility of running machinery which the constitution contemplates he will have the assistance of five responsible Ministers in running, for it must be obvious that such a determination would be eminently unselfish, the result of a stern sense of duty; but it is by no means certain that public opinion will quite justify the assumption of so much responsibility. It might, indeed, have appeared to be a presumption on the part of the Governor "to anticipate the votes of the people of British Columbia by naming any one individual as possessing their confidence beyond others;" but did it not occur to the mind of the Governor that he was getting bravely over the same difficulty in the immediate appointment of an Attorney General? We may be told that it would be impossible to get on without such an officer. Granted; yet the constitutional difficulty is precisely the same, whether the appointment be that Attorney General or Chief Commissioner. After all, we opine the objections to the formation of a Cabinet in anticipation of the elections would concern individual members of that Cabinet far more than any other party. There is this to be said in favor of the immediate formation of a Cabinet under the new Constitution, that while the Governor would in the meantime have the benefit of the advice of five men presumably possessing the confidence of the people, and who would be called upon at the very earliest opportunity to obtain the constitutional endorsement of public opinion, the Ministry could meanwhile mature its policy and meet the new House with everything in a condition of readiness to proceed with the public business, thus avoiding two or three months' further loss of time. While fully conscious, we trust, of the difficulties with which both courses are beset, we cannot help thinking that the weight of objection lies against the one which the Message indicates an inclination on the part of the Governor to adopt. What the public would desire to see avoided, if possible, is six months' delay in setting in motion the new machinery.

Russian Tartary.

TROUBLES IN BOKHARA—A REVOLUTION AGAINST THE EMIR IMMINENT.

A letter from Taskend, dated 25th of April, in the Russian Exchange *Gazette*, says that the accounts which arrive there from Bokhara are of a very alarming kind. The people are in such an excited state that a revolution against the Emir is regarded as imminent. At the head of the malcontents are the Mohammedan clergy, and their chief greviance is the friendly policy of the Emir toward Russia. This naturally seems very unreasonable to the corresponden of the Exchange *Gazette*. "Since the first appearance," he says, "of Russian pickets on the territory of Turkestan, a new epoch of social life has dawned on the natives of Central Asia—an epoch of order, of the restoration of the rights of humanity, of spiritual progress and of a radical reform of their barbarous mode of living. In the battle at Irdschura, (on the 18th of May, 1865,) the Russian bombs shattered the gigantic army of Bokhara, and on the 1st of May, 1868, Samarcand—'the crown of the world, the beauty of light'—fell into the hand of the infidels. These decisive blows taught the Bokharian Government the strength of Russia, who, with a handful of men scattered numberless Mohammed hordes, and with 600 bayonets took Tashkend, a town of 100,000 inhabitants; it understood the position, and has striven ever since to avoid any hostile collision with its dreaded neighbors. Unfortunately there exists a strong party in Bokhara which still refuses to submit tamely to Russian dictation, and is thereby precipitating the moment when the proud, arrogant Bokhara—'the light of the wisdom of the East'—will be brought down to the same level as Kohhand, viz: That of a vassal of Russia." The consequence of this unsettled state affairs will probably be, contiues the correspondent, the postponement of the expedition against Khiva (which appears to have now taken place, according to the telegram from St Petersburg of last week.) "It would be folly to leave in our rear a hostile people, ready to take up arms against us. The destruction of the detachments in the steppes of the Amou-Darya would in such a case be inevitable. The Government has, therefore, no alternative but to regulate affairs in Bokhara (*sic*) and then proceed further."

To the Electors of Yale-Lytton District.

GENTLEMEN:—HAVING BEEN REquested by a number of the electors to allow myself to be nominated as one of your representatives in the Legislature for the Province of British Columbia, after due consideration, I have much pleasure in acceding to that request and should you deem me worthy of that honor, shall if elected, at all times make it my study to support such measures as will promote your interests and those of the country at large.

I am in favor of increased postal communication and a liberal non-sectarian school system; the abolition of road toll's; improving and making of trails and wagon roads in agricultural and mining districts; increased facilities for the pre-emption of land. I would oppose the permanent Civil List Bill and all extravagant expenditure of public money;

I have at present merely touched on those subjects that occupy the first place in the public mind, but shall be happy at any future time to hear your views and express my own more fully.

I have the honor to be, Gentlemen,
Your obedient servant,
GEORGE COXON.

ELECTRICITY IS LIFE.
PULVERMACHER'S
PATENT GALVANIC
CHAIN BANDS, BELTS
AND
Pocket Batteries.
THESE REMARKABLE AND HIGHLY improved inventions render Electricity perfectly self-applicable, and extremely efficacious in a mild continuous form, no shock or unpleasant sensation being experienced, whereby it becomes a true fountain of health and vigor, speedily soothing agonising pains, re-animating torpid limbs, reviving the sluggish functions of life and imparting renewed energy and vitality to constitutions enfeebled by whatever cause. Medicines and their deleterious consequences are thus entirely dispensed with. The daily increasing number of cures effected by PULVERMACHER'S MEDICO-GALVANIC SYSTEM is so extensive and varied, that it forcibly points to this invention as the embryo of the universal remedy.

N. B—The following testimony from the elites of the English medical faculty has been received:

"We, the undersigned, have much pleasure in testifying that Mr J L PULVERMACHER'S recent improvements in his Voltaic Batteries and Galvanic Appliances for Medical Purposes, are of great importance to scientific Medicines and that he is entitled to the consideration and support of everyone disposed to further the advancement of real and useful progress.
Dated this 9th day of March, 1866.
Sir Charles Locock, Bart., M O, F R C P.
Sir Henry Holland, Bart., M D., F R S.
Sir Wm. Ferguson, Bart, F R S.
Edward H. Sieveking, M D, M R C S.
Sir J. Ranald Martin, F R C S."

PULVERMACHER'S SYSTEM is also approved of by an official report of the Academie de Medicine, Paris; Royal College of Physicians, London; and the Imperial Faculty, Vienna, and its curative virtues are confirmed by thousands of private testimonials of cures effected. (See pamphlet, gratis).

These facts appeal to the good sense of every sufferer to avail himself of this scientific and curative progress, to which the inventor has devoted a lifetime of study and labour, as an ardent disciple of that great benefactor of mankind, the late illustrious electrician, MICHAEL FARADAY

PULVERMACHER'S MEDICO-GALVANIC CHAIN are exceedingly effective without the aid of medicine, restriction of diet, or the least derangement of the patient's habits and daily occupations. In the following maladies:—

Rheumatism,	Tic Doloreux,	Sluggish circula'n,
Gout,	Indigestion,	Urinary Disorder
Sciatica,	Deafness,	Paralysis,
Lumbago,	Spasams,	Epilepsy,
Neuralgia,	Female complaint	Nervous Debility
Head & Toothache	Constipation,	Functional Disorders, &c
Liver Complaints,	Cramp,	

The effects of the application of Pulvermacher's Chains in any of the above disorders is immediately perceptible—the relief of pain instantaneous.

PRICE LIST OF PULVERMACHER'S CHAI BANDS AND BATTERIES.

B. Chain Band for Nervous Deafness, Head, Tooth Facesche, and Noises in the Head, 21s. to 30s.
B. Chain Bands for Loss of Voice and other affections of the Throat, 10s. 6d. to 21s.
N. Chain Bands for Sciatica; Rheumatic, Neuralgic and Gouty Pains, Local Paralysis, Cramp, etc., 15s. to 20s. and 40s.
B. Chain Bands for Lumbago, Indigestion, Liver, Chest and Functional Disorders, etc., (worn as a belt) 22s. to 40s. and 55s:
B. Chain Bands for Writer's Cramp, Trembling, Nervousness, etc. 21s. 30s. and 40s.
B. Combined Chain Band for Central Paralysis, Epilepsy, General Debility, Functional Disorders, etc., 30s. to 60s.
A complete Set of Combined Chain Bands, Belts and Chain Battery for restoring vital energy, £5 to £7.

No Galvanic Belts are genuine but those bearing the fac simile of M. Pulvermacher's signature on the label.

CAUTION A Perpetual Injunction in Chancery, dated 18th August 1869, was granted to J L Pulvermacher against Alfred Barrows, alias C D Hammond, alias Henry James, alias C D Ransley, his assistants, agents and servants restraining the said person or persons under a penalty of £5000 from deceitfully advertising Belts, &c., exclusively representing them as electric. This decree is printed in extenso in Pulvermacher's Pamphlet of recent Testimonials and Medical Reports of cures, containing likewise numerous extracts from many standard and scientific works, viz: Dr Garcia's 'Materia Medica,' Dr Tanner's 'Practice of Medicine,' Dr Handfield Jones "On Nervous and Functional Disorders, etc." This pamphlet may be had at the office of this Paper, or of J L Pulvermacher's Galvanic Establishment, 200 Regent St London.

Acting Attorney General.

J—F McCreight, Esq, senior member of the Bar of this province, yesterday accepted the office of legal adviser of the Governor, pending the appointment of a Responsible Ministry. The appointment undoubtedly paves the way to the early advancement of Mr McCreight to a still higher position—a position which he is eminently fitted to occupy. Mr McCreight was formerly Crown Solicitor in Australia and came to this colony in 1859. He is a legal gentlemen of high attainments, and to his disinclination to engage in politics is attributable entirely the fact that he was not called into the Ministry many years ago.

Senators.

It was reported last evening that the three Senators have been named, and that they are Messrs W J Macdonald, J D Pemberton and Dr John Ash. We are inclined to doubt the truth of the rumor, for surely the claim of the Mainland to a share in the representation would not be overlooked. It is probable that, when names of the appointees to the Senate shall have officially transpired, it will be found that either Dr Carrall, Mr Holbrook, or Mr Cornwall will be included in the list.

PATRIOTIC.—The Toronto *Telegraph*, on Dominion Day, discoursed in the following eloquent words :—"Four years ago we were but four Provinces, to-day we are six, and have territory sufficient for a dozen more. Four years ago our western border rested at Lake Superior ; to-day it is on the shores of the Pacific. Four years ago we had but 377,056 square miles of territory ; to-day we number our square miles by millions. What a noble land is this ! Laved by the Atlantic on the east, kissed by the Pacific on the west ; more than half of this mighty continent to call our own. Is not this a birthright to be proud of ? Less than five years ago, Canada was but a narrow strip of land along the St Lawrence and the lakes : to-day it is the name of a country greater in extent of territory than the United States, and capable of sustaining a population of many millions of people."

TAXING THE POOR MAN'S LOAF ! —The Gussie Telfair on her last trip from Portland brought three thousand sacks, equal to seven hundred and fifty barrels, of flour, on which was paid one dollar and fifty cents per barrel duty, amounting in all to eleven hundred and twenty-five dollars, which is taken directly from the pockets of our citizens and paid into the Dominion Treasury !! And this is occurring every week. When the money thus extorted was spent here the tax was sinful enough, but when it has to be sent east of the mountains, the sinfulness is increased tenfold. The Rich Man can bear this enormous tax on his Loaf. But how about the Poor Man with five, seven and, in several instances, twelve mouths to fill ?

POST CARDS.—Quite a brisk demand for Postal Cards has sprung up in this city. The cards are very convenient and *only one cent each*. We observe that our local cotemporary advertises to sell Post Cards at half-a-cent each. Perhaps he is running a private Post Office in opposition to the Dominion Government, for in no other way that we can discover would he be enabled to sell Postal Cards at half-a-cent when the Government charge is one cent. While he is counterfeiting Postal Cards our cotemporary might as will extend his operations to Postage stamps and Bank-bills. The latter, especially would be very welcome to him at this juncture.

SAD ACCIDENT.—The Gunners's Mate of H M S Sparrowhawk while testing a double-barreled shot-gun near Esquimalt on Tuesday had a finger and thumb blown off. He had put two charges into one barrel and was in the act of firing when the barrel burst. The poor man having become disabled while on liberty, is not entitled to a pension.

INSANE.—Tom, a Stekin brave, who has been for some days past wandering through the streets of the city with somewhat mixed ideas, was yesterday taken in charge by police officer McMillan and after an examination by Mr Pemberton was ordered to be remanded for medical examination.

DESERTION—Two seamen named Eric Olson and Oscar Swabieser were arraigned before the Police Court yesterday charged with being deserters from the ship William Wilson They were after a brief examination remanded till Friday next.

THE Enterprise sailed for New Westminster at 4 o'clock yesterday morning. Among her passengers were Rev's Russ, Clarkson, Crosby and Messrs Barnard and Peers. Two horses and a small quantity of freight were taken.

POST OFFICE.—The Victoria Post Office will in future open at 8 o'clock a m and close at 12 m ; open at 1 p m and close at 6. No Sunday work will be allowed in future and mails arriving on that day will lie unopened until Monday.

PHOTOGRAPHED.—Mr Craigg, the well known photographer, secured a fine picture of the Centenary Pavillion yesterday. A happy moment was seized and the castellated front stands out clearly and distinctly.

INQUEST.—A jury was summoned by the Coroner yesterday to enquire into the cause of the death of an Indian named Charley, who died in the Victoria gaol on Tuesday night. The jury returned a verdict of died from natural causes.

Coming at Last.

Our Exclusive Dispatches announce that the Hon Mr Langevin, Minister of Works for the Dominion, is a passenger by the Prince Alfred and will be due here on Saturday. He is accompanied by four Canadians, amongst whom is Mr W J Tilley, son of the Hon S L Tilley, Minister of Customs. While Mr Langevin comes out to report upon the Federal works necessary to be at once undertaken in this Province, he doubtless comes empowered generally to act for the Federal Government in the organization, etc, of all the departments.

DECLINED.—Mr R Weir has declined to stand for the local House to represent Esquimalt District.

No decision has been arrived at upon the tenders sent in for the construction of St Ann's Orphan Asylum.

THE Enterprise will return as 4:30 o'clock to-day.

IMPORTANT TELEGRAMS.—Our Exclusive Dispatches that appear to-day.

Fiji Islands.

The City of Adelaide touched at Levuka, Fiji Islands, from which place we have dates of July 8th. From the Fiji *Times* we glean the following :

Mountaineers on Vitu Levu, at the head of the Rewa river, are fighting. It is rumored that there has been a good deal of bloodshed. A Mr Darby on Vitu Levu had a dispute with natives respecting some work, and producing a gun, fired. The men then set on and severely ill-used him.

A case of lynching has occurred at Levuka. Two American negroes had a dispute over cards, and one of them used 'slung shot.' The bystanders pursued this man, when he again attempted its use, but without success. A consultation was held, and it was determined to give the man a dozen lashes, which were accordingly administered.

The Wesleyan district meeting has been held at Ban.

A horrible double murder has been committed by Apil laborers who had only recently been brought to Fiji by the Edith, on board that vessel as she lay at Vagadoce. A white man named Walter Golding and a Tanna man were brutally murdered ; and after the deed had been committed the men decamped in the ship's boat. The boat has been recovered, but the men are still at liberty. A reward has been offered for their apprehension.

The Government have advertised for applications for Fijian labor to be sent in, as they contemplate supplying it.

The subject of a fire brigade for Levuka is being mooted.

The Rev F Laugham went to Lovoni on Sunday, the 25th ult., to preach to the besiegers, and they pressed him to go into the town and see if it were not practicable to obtain peace. He did so, and the wished for surrender of the Levonia tribe has been the issue. On the evacuation of the fortresses the town was destroyed by fire. The tribe has been brought down to Levuka, and awaits the King's decision as to how they will be treated. It is expected that they will be hired out to planters.

Billiousness and Indigestion.

These two complaints are more general at this season of the year than at almost any other. They are closely akin ; for billiousness always involves an impaired digestion, and indigestion is necessarily an accompaniment of a disordered or torpid liver. Happy the man or woman who can boast of a stomach that has never felt the horrors of dyspepsia, and to whom that great secretive agent the liver, has never given pain or trouble. Not one in a thousand can lay claim to entire immunity from irregularity in these organs. How, then, shall they be regulated ? Not by powerful cathartics, alternated with ordinary stimulants, but by a medicinal invigorant, like Hostetter's Stomach Bitters, which combined in due proportion the tonic and the alterative principle. Wherever there is a church, schoolhouse, and a general store, this famous medicine may be procured. No village merchant finds it prudent to be without it, for it is enquired for every day by every class. The workingman buys it because it increases his capacity for toil, and is followed by no reaction. The effect of the salubrious roots, herbs, etc, of which it is composed, diffused through his whole system by the pure stimulant which forms the basis of the *Bitters*, is most healthful and invigorating. The scholar, the merchant, and in fact all men whose minds or bodies, or both, are in constant exercise, will derive benefit from its use. To persons of sedentary habits it supplies in some measure, that activity in the circulation which is obtained by physical exertion, and is the best known remedy for constipation.

Ask for Hostetter's Stomach Bitters, and do not be coaxed into purchasing any of the imitations and frauds sometimes offered in its stead.

35 YEARS OF SUCCESS?

Have attended the use of *Bristol's Sarsaparilla* and Pills, till now their sterling excellence and wonderful virtues have borne down all opposition and established the fact that they are the surest and safest of all medicines for Strengthening the Stomach, Invigorating the Liver, Toning the Bowels, Stimulating the Kidneys, and Purifying and Cleaning the Blood and Humors

Let the sick and suffering try them without delay

LAST NIGHT'S DISPATCHES.

IMPORTANT CANADIAN NEWS !

MARQUIS OF LORNE AND PRINCESS LOUISE COMING !

MILITARY FORCE TO BE REDUCED !

PASSENGERS BY THE PRINCE ALFRED.

Canada.

TORONTO, Aug 15—The Scott Centenary is being generally celebrated in all the principal places in the Dominion.

OTTAWA, Aug 15—It is now positively asserted that the Marquis of Lorne and the Princess Louise will take up their residence here for a lengthened period. The Governor General's residence is being prepared for their reception.

In consequence of the Washington Treaty a considerable reduction is expected to be made in the military forces.

California.

SAN FRANCISCO, Aug 15—Passengers per steamship Prince Alfred for Victoria—Hon H L Langevin, A Archiotre, W J Tilley, J Deschams, F Banquey, Miss Bertha Kalim, Mrs Wood and child, Miss Wood, Mrs Maddocks, Mrs Hill, Mrs Maclane, Mrs Spence and child, Mrs A N Hinds, Miss E Suherson, Mrs Wassersmith, Miss M Stoll, J H Brown, H Harvey, J Cox, J T Whitworth, A Martin, M Wolskill, Wm Nesbitt, W H White, S Nickerson, A Hornsby, D Horn, J McDonald, S R Throckmorton, jr, H J Wiley, Ed McGrey, Mrs Swanwick and 4 children, Miss L Shallier, Mrs Shattuck, M Camusa, Mr Hassington, Mrs Munson and child, Miss Munson, Mrs A Martin, M Holman, Gordon Grant, and 59 in steerage.

Second Dispatch.

SERIOUS ILLNESS OF THE QUEEN.

ASIATIC CHOLERA IN LONDON

ENGLAND WILL NOT SURRENDER COMMUNISTS!

ORLEANIST COUP D'ETAT FEARED.

BISMARCK AND THE POPE!

Europe.

LONDON, Aug 14—The Queen is confined to her room and physicians are in constant attendance. This sudden indisposition causes much anxiety in the Royal household.

A dreadful calamity is reported in the small island of Tugolanda of the Malay Archipelago, about 15 miles N E of the island of Celebes. An outburst of the volcano of Rawary was accompanied by a convulsion of the sea, and a wave of 40 yards in height swept all human beings, horses and cattle from the island. Four hundred and sixteen people perished.

The French Government is reported to have requested the extradition of the Communists who took refuge on British soil. The reply of the British Cabinet is said to be a decided refusal.

BERLIN, Aug 14—The *National Zeitung* denies that the convention is closed for the evacuation of the forts around Paris and the departments of the Seine and Seine et Oise.

NEW YORK, Aug 16—Advices from London state that fatal cases of cholera appeared on three steamers from Cronstadt to Hull, but the English authorities were taking every precaution to prevent its introduction by ships arriving at their ports

LONDON, Aug 16—Advices from Paris say the city is in an excited state and trouble is apprehended from various sources. It is felt that many will revolt against the Versailles Assembly and declare for McMahon for Regent and demand the empire. There is quite a stampede of people from Paris. Some believe the Orleanist scheme is rife for a *coup d'etat*—being pushed by the proposition to make Thiers permanent executive, which is feared would establish a government not monarchial. Thiers has no friends. He is hated by the Republicans, Royalists and Imperialists alike. A crisis is approaching.

LONDON, Aug 16—A dispatch says Bismarck has commenced a vigorous campaign against Papacy, and his first blow, declared in Parliament and in his official gazette, is that he regards the Ultramontane Church as hostile to German unity. He has broken off all relations with it not purely political and has dissolved the Catholic part of the Ministry. He is intriguing for the establishment of an Orthodox Catholic party—which name is applied to the opponents of Infallibility—and is actively supporting Dr Dollinger.

Third Dispatch.

SPECIAL TO THE DAILY BRITISH COLONIST.

Eastern States.

NEW YORK, Aug 15—A Washington special says there is little doubt that the President has appointed ex-Governor Ashby of Montana Minister to Brazil. It is also said the President told Ashby that he is now convinced of the falsity of the report and the dishonest means taken by politicians to secure his removal from the governorship of Montana.

PITTSTON, Penn, Aug 15—The last body was taken out of the Eagle shaft this morning. The mine inspector put a stop to all proceedings at midnight last night in order to ventilate the mine so that those who went down could work without danger. A stream of water was turned in and the passage ways arranged by means of doors so that a current of fresh air could be circulated throughout the mine, which soon removed the damp. The bodies of seventeen men were recovered.

PITTSTON, Pa, Aug 15—It is difficult now to estimate the full damage done by the explosion. It is not believed that any men at work in the mine will be recovered alive. On entering the chamber in which the explosion occurred, a fallen rock was found which lay partly on the car completely blocking up one side and leaving a passage on the other just sufficient for a man to worm himself through Some distance further in there was another fall which completely filled the passage. It is believed that the men are so completely walled in that it will take hours of persistent effort to reach them. Twenty miners are known to have been in the mine, but so far only five dead bodies have been found.

Europe.

LONDON, Aug 15—A dispatch from Strasburg states that disturbances have occurred there between the Prussian troops and the inhabitants. Much animosity is shown towards the troops and many attacks are made on them. A number of Prussion troops became involved in a quarrel with the inhabitants and a fight ensued in which some were killed and wounded on both sides.

It is stated on good authority that serious disagreements have arisen between the French and German Governments in reference to the Frankfort peace negotiations. Present difficulties are likely to lead to further complications, which may result in a suspension of the treaty of peace negotiated at Frankfort.

Bismarck, Von Beust and probably Vassey, with assistant commissioners from the respective departments, are going to Gastin to be present at the meeting of the Emperors. It is probable that important negotiations will be entered upon on the Roumania question.

NEW YORK, Aug 15—A gentleman just returned from Europe, where he has been in intimate social relations with the French Imperial family, informs an interviewer of a paper that Napoleon believes in his early restoration, that the government of Thiers is regarded as a mere makeshift and that his death at this time would be followed by another civil war. Gambetta is looked upon as an ambitious, intriguing, able man. Bazaine waits for history to justify him. The Empress is well and intends to send the Prince Imperial on a tour through the United States when he is a little older. There are now two parties in France—Imperialists and Red Republicans. The Bourbons are nowhere. European diplomatists favor Napoleon's return, believing that his restoration would keep in subjection the disorderly elements of France, which now menace Europe. It is also stated that England is threatened with serious revolutionary troubles, and it was believed that conciliation by the Government will fail to satisfy the demands of the people.

LONDON, Aug 15—A case of Asiatic cholera has occurred in London and creates an extraordinary sensation.

Dispatches from Berlin say that cholera is increasing in Koinigsberg, but no cases are yet reported in Dantzic.

LONDON, August 14—There was a lively debate in the House of Commons this evening on army matters. W H Smith, member for Westminster, attacked the course of the Government in relation to the army. Cardwell and Lord Northbrooke defended the administration of the army and spoke in opposition to a Royal inquiry. The subject was finally dropped without action on the motion to that effect by Smith

VERSAILLES, August 14—The defence of Gustave Courbet will be that he joined the Commune to bring about a reconciliation

California.

SAN FRANCISCO, August 15—Arrived -Ship Bristolian, Bristol, England, with Railroad iron.

Arrived—Brig Admiral, 49 days from Hong Kong. Brig Rebecca Jane, Newcastle, N S W.

British Columbia.

HARKERVILLE, August 16—The Forest Rose washed up 150 ozs on Sunday. The Ballarat washed up 105 ozs on Sunday. The Kurtz & Lane are down 35 feet with their shaft. The whole of the machinery, except the pumps and flywheel, are here.

James Sanders, native of England, aged 35 years, died in the Cariboo Hospital of liver complaint. He was formerly in the Royal Engineers. The weather is getting quite cold. Last week we had fearful storms of rain, hail and snow.

OMINECA—Germansen Creek, 30th ult—The miners in the creek are putting in wingdams so that in a short time the claims will be washing. Mr James Christie has completed a water power sawmill which will cut about 2000 ft of lumber in 24 hours. On Hitkois Creek several companies are washing and making as high as 2 ounces per day to the hand On Lost creek J Carson & Comp'y commenced washing last week, averaging 1 oz per day to the hand. Flour is 50c, Beans 60c, Bacon $1, Sugar 75c, Tea $2, Gum Boots $20 pr pair, Nails 90c, Tobacco $3, Beef 35a40c.

DELAYED DISPATCHES.

Europe.

LONDON, July 31—In the House of Lords to-day Earl Granville, in moving for a favorable answer to the special message in behalf of Prince Arthur, urged that the demand merely fulfilled the contract made at the beginning of Victoria's reign. He spoke in warm eulogy of Prince Arthur, whose visit to Canada had secured the affection of the colonists.

The Duke of Richmond heartily seconded the motion, which was carried without division.

The Duke of Richmond then moved a vote of censure on the Queen's army message as unworthy of Ministerial support. He denounced in strong language the speeches made at the banquet at the Mansion House on Saturday in relation to the Washington Treaty and claimed that the royal prerogative was an instrument never to be used without the assent of Parliament.

Earl Granville spoke in defense of the message as corresponding simply to the previous action of the Commons.

The Marquis of Salisbury thought the Lords were bound to resent this outrage, for if unnoticed it would remain a standing menace to the authority of the House.

The Duke of Argyle severely reprobated the suggestion of the Marquis of Salisbury, stigmatizing it as bitterly partisan. Lord Romilly contended that such an exercise of the royal prerogative was unprecedented.

Lord Penzance defended the action of the Government and argued to show that the interposition of the Crown to this case was entirely constitutional.

Earl Derby strongly advocated the motion of censure and Earl Russell said that he should vote for it, declaring that the Government had incurred a serious responsibility. Lord Northbrook thought the Government had followed the only possible course left for it. Lord Cairns spoke against the Government, seeking to prove its use of the Royal power without precedent.

At the conclusion of Lord Cairns' speech a vote was taken and the motion for censure was defeated, the Government having a majority of 80.

In the Commons, Peter Alfred Taylor, member for Leicester, denounced the making of an appropriation for Prince Arthur who, he said, had better serve the country than be a pensioner. The House of Commons, however passed the bill granting the allowance of £100,000 [$18,000?] per annum to Prince Arthur. The vote stood—yeas 276, nays 11.

The Commons after passing Prince Arthur's annuity, went into committee on the Elections Bill, when Gladstone opposed the various amendments, and stated that unless the bill relative to elections passed by Tuesday an October session was imminent A division was had on the proposition that the election expenses be paid out of local taxation, which resulted in a majority of 96 against the Government.

DUBLIN, July 31—The Prince of Wales and party arrived here to-day and had a popular reception. The weather was cold for the season but the streets were crowded with spectators. The demonstration was not so enthusiastic as it might have been under more favorable circumstances. The Fenian element was not absent and as their royal visitors passed over the route some hisses were heard. The city is decorated with flags but the illumination to night is not so general as might be expected.

KONIGSBERG, July 31st.—The Prussian Archbishop Erweland has pronounced the sentence of the major excommunication against Dr Wellman and directs it to be read from all the pulpits in diocese.

DUBLIN, August 1st—The Prince of Wales presided at the banquet of the Agricultural Society to-night. On presenting the toast 'The Queen and the Royal Family,' he expressed the hope that the Queen would soon visit Ireland and he defended his brothers from the charge of uselessness.

Prince Arthur responded to the toast. He protested his lasting interest in Ireland's welfare which he declared was engraved on his heart and he predicted a prosperous future for the country.

The Princess Louise, in reply to a petition from the Irish Amnesty Committee, said it would be impossible for her to interfere for the release of the Fenian prisoners and that the question of pardon must be left with the Government.

The Tichbourne Case.

A SINGULAR TALE ABOUT THE CLAIMANT.

The *Times'* London correspondent tells the following curious story of the origin and history of the claimant of the Tichborne estate :

The information I will give you will be the first publication of the paradoxical fact that the claimant is both Tichborne and Orton ! Scouting mystery, I proceed to the solution. When Roger C Tichborne left England for South America, his uncle, Sir James Doughty, was in possession of the Tichborne estates. He dying childless, the titles and estates fell to the claimant's father, who also dying, his eldest son Roger C, would inherit had he survived

As it is believed that Roger perished in 1853, in the shipwreck of the ship Bella, in which he unquestionably sailed from Rio to New York, his younger brother, Alfred, succeeded, and he dying at the age of twenty-six years, left an infant who, had not the claimant appeared, would unobstructedly, on arriving at legal age, have assumed the title and proprietorship of the estates producing $130,000 income.

All these facts are not new to you ; but this one is—that the claimant's father had an illegitimate child by his cook, Mary Orton, sister of George Orton, who the defence says was the claimant's father, and by whom the claimant under the name of Arthur Orton was brought up ! The boy was ignorant of his true parentage, and after many strange viscissitudes settled in Australia, where he was found in 1866, under the name of Tom Castro, pursuing the calling of his putative father, a butcher.

Old Lady Tichborne was of an erratic and unsound mind, and though 13 years had transpired without any tidings from her long-lost son, she was monomaniacal on the subject, and not despairing of his being alive, continued to advertise and offer large rewards.

There was in the family of the Tichbornes a negro named Bogle, who, perhaps, alone was in the secret of the natural son of the claimant's father, who would be half brother to the real Roger C, and like a cunning old negro as he is, went off quietly to Sydney, and there finding Tom Castro, *alias* Arthur Orton, revealed to him the secret of his parentage and the situation of the titles and estates of Tichborne.

With this revelation the mystery disappears, for from Bogle and Lady Tichborne, who was easily persuaded to recognize the claimant as her son, the claimant acquired his knowledge of the real Roger, after his sixteenth year, from which time he resided in England, when Bogle was with him almost constantly, and as Bogle and the other servants knew but very little of Roger's boyhood in France, we have an explanation of the remarkable fact that the claimant's evidence as to his history prior to his sixteenth year is so lame and unsatisfactory.

It is rumored that the defense is so alarmed at the strength of the plaintiff's case disclosed on the cross-examination that they will, on the reassembling of court after adjournment, shift their ground, and attempt to defeat the claimant as the natural son of Sir James Tichborne.

A. GILMORE, MERCHANT TAILOR, and General Outfitter, has removed his place of business to the store adjoining the Colonial Hotel and opposite the Colonist Office, on Government street, fourth door from Yates, where he proposes to give his old friends and new customers a chance on the principle of quick sales and small profits. *

WELLS COLLEGE.

MR HENRY WELLS, ONE OF THE founders of Wells, Fargo & Co, and the acknowledged father of the present Express system, has erected a College at Aurora, Cayuga Lake, New York, for the Education of Young Ladies.

In addition to the collegiate departments the institution is to have a cabinet of Natural Curiosities—such as gold, silver, quicksilver, petrifactions, agates, crystals and other minerals and fossils and rare botanical specimens. To procure these articles Wells, Fargo & Co's agents everywhere have constituted themselves a committee for their collection. Specimens such as are more particularly referred to in Mr Wells' letter, should in all cases be accompanied by written memoranda, giving the name of the contributor, that of the thing sent, its natural locality, and such other local or historical data as will be of instructive value and interest. Each specimen thus obtained will be neatly labled, so as to perpetuate the name of the donor, and the entire collection will be handsomely displayed in the college building and designated as 'Wells, Fargo & Cos Express Contributions.

F. GARESCHE' Wells, Fargo & Co's agent at Victoria, respectfully solicits contributions and specimens.

Ayer's Hair Vigor,

FOR RESTORING GRAY HAIR

TO ITS NATURAL VITALITY & COLOR

Advancing years, sickness, care, disappointment and hereditary predisposition, all turn the hair gray; either of them disposes it to fall off prematurely; the effect is unsightly and unpleasant to behold. Dr. Ayer's consummate skill has produced an antidote for these deformities, which has won gratitude for him from multitudes of women and men. His HAIR VIGOR sometimes reproduces lost hair, and always restores to faded and gray hair its natural color, with the gloss and freshness of youth. The comparatively few bald and gray heads that we now see, are those who have not yet discovered the virtues of AYER'S HAIR VIGOR for renewing the hair. The fresh and youthful hair we see on older heads is often the product of his art. If you are disfigured or made old, austere and ugly, by gray hair, restore its youthful color and with it your features to their original softness and agreeable expression.

As an elegant dressing for beautifying the Hair it has no superior.

To the Electors of Nanaimo District,

GENTLEMEN:—With such a Requisition before me, I cannot hesitate to accept the nomination to represent the important District of Nanaimo in the Local Legislature; nor, with such support, so cordially proffered, can the issue be thought doubtful.

Most of you are already so familiar with my political views that anything like an extended delineation of them would scarcely appear to be necessary upon the present occasion; and yet, in coming before you for election, a brief exposition of the cardinal tenets of my political creed may be deemed proper.

And, first of all, permit me to congratulate you upon the final accomplishment of Union upon terms which can hardly fail to confer substantial advantages upon this Province. It now remains for the people, by a wise and careful choice of Representatives, to enjoy the benefits of a charge which confers upon them the full powers of self government.

The acceptance of the Canadian Tariff appears to offer the only satisfactory settlement of a question, the continued agitation of which is calculated to seriously disturb commerce and injuriously affect every interest. I shall, therefore, if elected, be prepared to vote for the immediate acceptance of the Canadian Tariff.

To make fitting provision for the education of the young will constitute one of the most important duties of the local administration; and I shall be prepared to advocate the immediate establishment of a system of Free Schools which will place a liberal education within the easy reach of every child in the Province.

The possession of a large industrial population being essential to the attainment of general well-being, a system of land grants by which every bona fide settler coming into the country might readily acquire a Free Homestead, exempt from taxation and from all legal process, will receive my earnest support.

Economy in the administration of the public affairs the people have a right to expect and demand; and inasmuch as the machinery of the new Government will be less complex and ought to be less expensive than the old, it should be one of the very first acts of the Executive to make a complete revision of the Civil Service, with a view to the utmost economy compatible with efficiency, and to prepare a new Civil List Bill based upon the most thorough retrenchment to take the place of the present one. Such a measure would have my hearty support.

The question of Chinese labor, already seriously affecting some communities in this Province, threatens to assume much larger proportions in view of the public works soon to be undertaken; and I shall give earnest attention to the application of some legislative remedy by which civilized labor would be effectually protected against that of the Mongolian race, and which would, at the same time, compel that class of our population to bear their full share of the financial burdens of the country.

The excellent financial terms obtained from Canada will place large revenues annually at the disposal of the local administration; and I shall advocate the abolition of the present Road Tax and the adoption of a liberal system of grants for local improvements; and my best and most earnest efforts shall be exerted to secure for the District of Nanaimo, under this head, that substantial share of public expenditure to which its importance, as the largest producing community in the Province, entitles it and which has been strangely denied it in the past. A commodious and substantial school-house, a better class of public buildings generally, a second bridge connecting the two sections of the town, the proper formation of streets and the construction and improvement of main roads and bridges throughout the agricultural parts of your District may be regarded as amongst the more immediate wants of Nanaimo.

There are other interests, such as Harbor Improvement, Channel Marks and Lights, Telegraphic and Railway communication, improved Postal Service, proper regulation of Indian Affairs, and the like, which, coming under the head of Federal legislation, do not claim particular attention here, yet all of which, should I be elected as your representative, would be the objects of my earnest solicitude.

As it is my intention to meet the Electors personally and explain my views more fully than it would be possible to do in the form of a written address, I trust it will be unnecessary to say more at present.

Should you elect me as your representative in the local Legislature, it will be my anxious and constant endeavor to promote in every possible way the best interests of your important District.

Thanking the signers of the requisition for the assurance of their confidence and support therein conveyed, and respectfully soliciting the suffrages of those of the Electors who have not had an opportunity of joining in that Requisition,

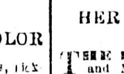

I have the honor to remain,
Gentlemen,
Your obed't serv't,
JOHN ROBSON.

YALE ELECTORAL DISTRICT.

YALE, B C, July 1st, 1871.

To the Electors of Yale-Lytton District,

GENTLEMEN:—Having been solicited by a number of the Electors of this district to allow myself to be placed in nomination as a candidate for a seat in the Legislative Assembly of this Province in the coming election, I take this early opportunity of giving you for your manifested confidence; and to say that, in view of the many important changes which we shortly hope for under Confederation the necessity of which was so plainly marked by past experience, it becomes the duty of each and every one to be awake to the new era, give every attention and to use every legitimate means while shaping our new course to secure a good and economical Government. Therefore I have determined to allow myself to be placed in nomination. My interests being identical with yours and having the advancement and welfare of this whole province at heart, I will advocate in everything economy, the abolition of road tolls, the improvement of our school system, the opening up of the Kamloops and Okanagan country by wagon roads, increased postal facilities, and the organization of such a land system as would meet the requirements of the country.

I have the honor to be your serv't,
y2daw JAMES ROBINSON.

To the Electors of Vancouver Island District.

GENTLEMEN:—In response to the solicitation of a number of prominent gentlemen residing in the different settlements of your Electoral District to offer myself as a candidate to represent your interests in the House of Commons, I have, after mature consideration, consented to do so, and I have now the honor to solicit your suffrages at the approaching election.

The measures that a member of the House of Commons may be called on to deal with being different from those of a member of the local legislature, being in their nature more national, it is doubtless expected that I, as a candidate, should advert to at least some of them that more directly concern our interests. I will say, then, that having been one of the earliest advocates of a Canadian Transcontinental Railway, I shall, if elected, consider it to be my paramount duty in view of making it a grand national success, to insist that the Terminus shall be at Esquimalt, and that the line shall traverse the entire South-Eastern Coast of the Island from Johnson Straits.

Under the Terms of Union with the Dominion, it is the province of the local legislature, and not of the Dominion Parliament, to decide as to the kind of tariff that the people of British Columbia deem to be best suited to their varied industrial interests during the next ten years. Should, however the question come before the Dominion Parliament, I shall endeavor to have the tariff so framed as to meet with the concurrence of the agricultural, mining and commercial interests of your district.

As the Dominion now possesses exclusively the right to manage our postal and telegraphic affairs, I shall endeavor to secure for the Eastern Coast a bi-weekly mail steamer of a superior class to the one now plying on the coast,—and also better mail facilities in each settlement; and as I deem it to be of great importance commercially to have the most rapid means of transmitting intelligence between Nanaimo and Victoria, I shall urge on the Federal Government the importance of the early construction of a telegraph line to connect the two principal towns in the province.

The increasing importance of the commerce of the Gulf of Georgia renders it necessary to have more light-houses. I shall therefore make the most strenuous exertions to induce the Federal Government to build a lighthouse at Nanaimo at once and to erect others also, where as soon as possible, to ensure greater safety and certainty in navigating the Gulf.

With respect to the Indians I will urge that they be settled on Reservations, under the superintendence of Government agents, where they may, with the assistance of the Government, be taught the arts of civilization, and thus have their social, moral and religious conditions rapidly improved.

The question of the early construction of a Marine Hospital at Nanaimo I deem to be deserving of serious consideration.

The Geological Survey now begun will doubtless be of great practical advantage to the country,—and anything that I may be able to do to ensure the geological exploration of the vast mineral wealth of your district shall not escape my attention.

The fisheries being our coast promise to become very profitable, and as the Dominion Government has agreed to extend its protection and encouragement to that valuable and important branch of industry, I will endeavor to secure for your district its full share of any aid that may be appropriated for that purpose.

Not being able at this time to explain my views at greater length, I will take an early opportunity to meet you personally and collectively in the different settlements, when I may bring under your notice other questions of a Provincial and Dominional character.

In conclusion, Gentlemen, if you should do me the honor to return me to the House of Commons as your representative, I pledge myself to faithfully serve your interests to the best of my ability.

I have the honor to be, Gentlemen,
your ob'dt servant,
ROBERT WALLACE

DR J. COLLIS BROWNE'S
(Ex Army Med Staff)

CHLORODYNE,

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W P Wood stated that Dr COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely and mean no other than Dr Browne's—See TIMES, July 12 1864.

The Public therefore are cautioned against using any other than

Dr J Collis Browne's Chlorodyne,

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera Dysentery, Diarrhoea, Colics, Coughs, Asthma, Cramp Rheumatism, Neuralgia, Cough, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS

The Right Hon Earl Russell communicated the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet, Dec 31, 1864

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma, and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when other medicines had failed."

Dr Lowe, Medical Missionary in India, reports [Dec 1865] that in nearly every case of Cholera in which Dr J Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the General Board of Health, London, to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed.

See leading article, Parmaceutical Journal, Aug 1, 1869, which states that Dr J Collis Browne was the inventor of Chlorodyne: that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government stamp. Overwhelming medical testimony accompanies each bottle.

DR. GIBBON'S DISPENSARY

No 623 Kearney Street Corner Commercial, San Francisco, established in 1854, for the treament of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc., etc. Skin diseases of years standing, and Ulcerated Legs etc., successfully treated.

DR. GIBBON has the pleasure of anouncing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Seminal Weakness.

Seminal emission is the consequence of self-abuse. This solitary vice, or depraved sexual indulgence is practiced by the youth of both sexes to an unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Shallow countenance dark spots under the eyes, pain in the head, ringing in the ears, noise like a rattling of leaves, or rattling chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples, and various eruptions about the face, hectic flushes, furred tongue foetid breath, consumption, night sweats, monomania and frequently insanity. If relief be obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Cured at Home.

Persons at a distance may be cured at home, by addressing a letter to Dr Gibbon, case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, by inclosing $10 in coin, in a registered letter, through the Postoffice or through Wells, Fargo & Co.

A package of medicine will be forwarded by express to any part of the Union.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.
